

November Newsletter Week 3

Theme: Under Construction
Letter: Kk

We have been working on letter Kk and learning about construction work. Some of our activities this week were:

- writing the letter Kk
- using a tape measure to measure how tall we were
- hammering nails into a board (we used real hammers but golf tees and styrofoam)
- screwing the different sized nuts and bolts together (great for hand-eye coordination)
- made our own blueprints using rulers, protractors, highlighters, markers, templates of a house
- colored and cut the Super Kid worksheet (we are all getting good with the scissors)
- looked at real blueprints and aerial pictures, tried to find the rivers, trees and farm houses
- built houses out of Lincoln Logs, wooden blocks and Legos
- Used shapes to make houses

BOOKS:

ALPHABET CONSTRUCTION

CONSTRUCTION COUNTDOWN

ROAD BUILDERS

HIGHWAY BUILDERS
